

## Rockwell Part

Rockwell Part - AxleTech International is a premier supplier in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The business prides itself on being its clients' chosen supplier. AxleTech strives to exceed and meet their clients' expectations for delivery, quality, service and technology. They believe in working in an atmosphere that encourages the highest integrity with empowered teamwork, combined with a persistent pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of ecological safety and stewardship in how they do business. The company has put various programs in place in order to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whatever questions or comments, since they are happy to share and promote this policy with a greater understanding of their efforts. They are extremely committed to preserving and improving the surroundings. AxleTech has an EHS program which not just protects the natural environment but which even actively protects their staff and neighbors as well.

AxleTech specializes in the manufacture and designing of planetary axles meant for both commercial and military applications, which may consist of anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider as well. AxleTech particularly designs axles to meet certain application demands. They have more than one thousand different axle specs within their existing offering. With more than 100+ years of knowledge and history, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The business is well known in many military and commercial applications. They provide complete axle assemblies for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have further details that could be found in the "ISAS" product selection.
